ONLINE CLASS SCHEDULING

Important Note: After you enter your class selections, please make sure to complete the checkout process, log out and log back in to make sure the classes are entered correctly.

You will also receive an e-mail with confirmation showing the class selections in your receipt.

You will register for merit badge classes, specialty programs, and high adventure programs using our online class scheduling module. It is important that you prepare in advance for your class scheduling. The online module is a “real-time” system, and you will get the most out of it by completing your troop’s entire schedule at one time. Be sure to have a program session at a troop meeting to discuss available classes, then have the Scouts decide on a schedule based on their interests and advancement needs. You will need to provide them with copies of the class schedule and program descriptions. Many classes will fill up quickly, so it’s important to complete your class scheduling as early as possible for all your Scouts.

Class scheduling will begin 9:00am on April 1, 2020

You will receive authorization to bring class scheduling when it is available as long as the camping department has received the March 1st payment (50% payment of all total fees).

Class Scheduling Timeline

Fall 2019: Make your reservation and pay the \$250 deposit

October/ November 2019: Begin your fundraising, popcorn sales, and planning for summer camp

January 2020: Collect and make your first payment of camp fees (mail, phone, or online).

This payment is due by February 1, 2020 and is 25% of your total fees.

February 2020: Finalize preparations for class scheduling. Collect and make your second payment of fees. *This payment is due March 1, 2020 and is required to begin class registration April 1, 2020.*

February/ March 2020: Set aside at least one troop meeting to review summer camp programs and to have Scouts select their desired class schedule. Use the Schedule Worksheet to help collect your Scout’s selections.

April 1, 2020: Register for Merit Badges (Only for those who have paid 50% of camp fees), Evening Activities, and The Thunder Experience.

Class Scheduling Instructions

The online registration system is the only way to register your Scouts for activities. Limited program changes can be made once you arrive at camp. The camping department will email the unit’s login information for class scheduling once 50% of fees are paid. When class registration opens April 1, a unit representative will be able to log in to the troop’s registration and use the online class scheduling module to register Scouts in classes. Be aware that courses are first-come, first-served and class capacities are not expanded once full. Print your unit’s schedule from the online system; review each Scout’s schedule with them.

Our staff will also be available after opening campfire Sunday to help with last minute changes.

CAMP THUNDER PROGRAM

While at camp, Scouts will experience our program lead by a trained summer camp staff. Scouts can choose from a variety of merit badge courses and high adventure activities and customize their week of fun.

Merit Badge Courses

Scouts should begin planning for their merit badge courses many weeks before coming to camp. Many merit badges take a lot of work both in and out of camp. We are eager to work with your scout on their completion of merit badge requirements. However, we abide by the BSA policy on requirements; we will not amend a requirement. A scout who comes to camp and is registered in a class will not automatically complete the merit badge. A scout's individual effort and responsibility are the predominate factor in whether or not they complete the requirement. Your scouts may be assigned homework to do in their campsites each night. It is recommended that scouts have a current merit badge book for each course they are taking. Supplies are available in our Trading Post.

Opportunities for Older Scouts

Each week Scouts can choose different High Adventure activities to include in their schedule. These can include: COPE, Climbing, Flint River Challenge, Rifle, and Shotgun merit badge. These are great opportunities for older scouts!

Buckskin– First Year Scout Program

Buckskin has been designed to give first year Scouts the greatest opportunity to learn basic scout skills. The Scouts will work on Tenderfoot and Second Class requirements. This program is offered during 1st, 2nd, and 3rd periods. Scouts will be able to choose 4th and 5th period classes in addition to Buckskin.

On Friday morning, Buckskin participants will have the opportunity to complete the Second Class requirement for the 5-mile hike. Other scouts and leaders are welcome to participate in this hike as well. Participants will return in time for the afternoon sessions of Friday activities.

Pathfinder– Second Year Scout Program

Pathfinder is for Second Class Scouts working on First Class. This program is offered during 4th and 5th periods;. Scouts will be able to choose 1st, 2nd and 3rd period classes in addition to Pathfinder.

Buckskin/Pathfinder Overnight Campout

On Wednesday evening Scouts in Buckskin and Pathfinder will camp overnight in their program area. They will set up a tent, cook their own dinner and work on rank requirements. Scouts participating in this overnight campout should not be scheduled for waiter duty at Wednesday dinner. (Note: This night may change due to weather.)

What to bring to Buckskin and Pathfinder:

- Scouts BSA Handbook
- Personal First Aid Kit
- Compass
- Water Bottle
- Paper
- Pen/Pencil
- Sleeping Bag/Sleeping Mat
- Swim Suit

COURSE GUIDE

The next few pages contain information on our camp program for 2019. Our curriculum has been developed through a unique collaboration of Scoutmasters, summer camp staff, and our council’s camping and advancement committees. We are proud of the variety of programs offered. Every one of your scouts will find something for them.

Summer Camp is primarily about fun! Too often, younger Scouts create an aggressive class schedule focused on advancement. Please encourage your scouts to take a variety of classes and work with your Scouts to help create appropriate schedules that mix advancement with adventure and fun. We believe that camp is about outdoor adventure and challenge; a scout only enrolled in academic classes is missing out.

Many of our programs have age-appropriate suggestions and some have required minimum ages. We encourage you to use these guidelines when scouts are creating their class schedules.

Important Information about Prerequisites and Items Not Covered in Class

Some of our class offerings include prerequisites or requirements that will not be completed at camp. In some cases, a merit badge must already have been earned prior to summer camp. We do not permit Scouts to rake these classes concurrently and these prerequisites must be completed before camp starts. Other requirements will not be covered in class as they are not able to be competed at camp for a particular reason. Requirements completed before arrival to camp will not be signed off by camp staff.

Trade school focuses on the trade industry skills: plumbing, welding, and auto maintenance. The Eagles Nest provides an opportunity for all Star and Life Scouts to learn to write an Eagle project, and practice Eagle Board of reviews.

TROOP ACTIVITIES AT CAMP

Campfires

OPENING CAMPFIRE: Sunday evening, we'll kick off the week with excitement!

CLOSING FAMILY NIGHT CAMPFIRE: Friday evening, we'll close the week together with fellowship and fun!

Family Night- Friday

Invite your families to experience the camp atmosphere, observe activities, and stay for dinner and campfire. Family members may arrive anytime after 4:30 pm and must check in at the camp office. Families taking part in dinner can purchase meal tickets when they check-in for \$6. Families can camp on the FRAA side Friday night in a platform tent for \$7 per person. Please contact the camping department to reserve your spot. Scouts must stay with their troops at Camp Thunder.

SWIM CHECK

All Scouts and Adults attending camp must take a BSA swim check. This check must be taken annually by all who plan to enter the water.

IMPORTANT INFORMATION: A Troop may hold their own Troop swim check in accordance with BSA standards before coming to camp. Planning ahead and completing your Troop's swim checks before camp will expedite check-in, and allow more time for campsite set-up, making for a more relaxed Sunday afternoon.

Units that have already completed their swim checks before camp should present a copy of the results at check-in, which will be certified by the aquatics director. A copy of the certifiers card must be present. The aquatics staff reserves the right to re-check any person in their swimming ability while at camp.

Any Scouts or leaders that didn't do an early swim check can do so on Sunday. As soon as the troop guide leads the unit to the campsite, the scouts should prepare to take the swim check.

The aquatics staff will make all the buddy tags and the tags will be available for scouts and adults when they come down to the waterfront for classes and/or free swims.

All scouts and leaders will be classified to their swimming ability on the following scale:

Non-Swimmer: One who does not meet the "Beginner/Swimmer" requirements.

Beginner: One who can jump into water over his head and swim a minimum of 50 feet using any stroke, with at least one sharp turn, but has not met the "Swimmer" requirements.

Swimmer: Jump feet-first into water over the head in depth, swim 75 yards in a strong manner using one or more of the following strokes: sidestroke, breaststroke, trudgen, or crawl; then swim 25 yards using an easy, resting backstroke. The 100 yards must be completed in one swim and include at least one sharp turn. After completing the swim, rest by floating.

PRE-CAMP SWIM CHECK PROCEEDURE

Swim classifications are to be renewed annually, preferably at the beginning of each outdoor season.

Administration of Swim Check Options

Option A (at camp)

Aquatics program personnel administer the swim classification check at camp upon appointment given at check-in.

Option B (at unit level with council-approved checking personnel)

The unit arranges swim classification checks locally using council-approved resource personnel with training as BSA Aquatics Instructor, BSA Cub Aquatics Supervisor, BSA Lifeguard, Red Cross Water Safety Instructor, Red Cross Lifeguard, or YMCA Lifeguard. When the unit attends summer camp, the Aquatics Director issues completed buddy tags after physical rechecks based on records provided by unit leadership. You must bring a completed swim roster and a copy of the lifeguards (that administered the check) certification card. Cards must be within the valid certification period.

When swim checks are conducted prior to camp, the camp aquatics director shall at all times reserve the authority to review or recheck all participants to ensure that standards have been maintained.

Unit Swim Classification Record

This is the individual’s swim classification as of this date. Any change in status after this date, i.e., non-swimmer to beginner or beginner to swimmer, would require a reclassification test under the camp Aquatics Director’s supervision.

**Although swim tests may be conducted prior to summer camp, the aquatics director is expected to review or retest any Scout or Scouter whose skills appear to be inconsistent with his or her classification. Additionally, the Aquatics Director is authorized to retest any Scout or group of Scouts when he or she is reasonably concerned that pre-camp swim tests were not properly administered.
